## IMPORTANT INFORMATION ABOUT THE FEDERAL DIRECT PARENT (PLUS) LOAN

(Keep this page for your records.)

1. This is a loan that must be repaid. Explore all financial aid options before taking a loan.
2. Borrow only what is needed for your dependent student's educational expenses for the academic year.
3. The U.S. Department of Education is the lender for this loan. The school assists in administering the loan by distributing information, certifying eligibility, processing the loan, and disbursing loan funds.  
**Schools do not determine approval for credit qualifications.**
4. An origination fee of up to 4.2 percent is collected by the federal government to offset the cost of the federal education loan programs. (This amount is subject to change pending Congressional action.)
5. A parent cannot have an adverse credit history. If a Parent Loan applicant does have an adverse credit history, he or she might still be able to receive a loan by documenting existing extenuating circumstances or by obtaining an endorser (co-signer) who does not have an adverse credit history. (If the loan is not approved, contact the Financial Aid Office to obtain information about other loan options for the student.)
6. The repayment period is up to 10 years. **Parents have the option of beginning repayment either 60 days after the loan is fully disbursed or 6 months after the dependent student is not enrolled at least half-time.** Interest will accrue during this time. There is no penalty for early repayment.
7. Loan funds will be credited directly to your dependent student's university account. Written notification of the date and amount of credited funds will be sent. In most cases, the loan will be delivered in two equal installments – half at the beginning of the school year and half midway through the school year. Overpayments as a result of a Parent Loan will be made payable to the student and may be picked up by the student at the Cashier's Office (Room 203 of the Packer Administration Building) within 14 days of the credit.
8. You have the right to reduce or decline your loan up to 30 days after the loan funds have been disbursed, providing the loan proceeds have not been released to you or your student. This request must be made in writing.
9. Keep copies of all forms pertaining to your loan.

### FEDERAL DIRECT PARENT LOAN MASTER PROMISSORY NOTE (MPN)

The Parent Loan Master Promissory Note (MPN) is a loan application that allows parents of dependent students to receive multiple Federal Direct Parent Loans over a maximum ten-year period. After the MPN is submitted to the Department of Education, the parent is not required to complete a new MPN while the student attends Howard Payne University. The parent will be required to complete a Loan Request and Authorization Form each time a loan is needed. Usually the Loan Request and Authorization Form will be completed at least once each academic year. A credit approval process for the Parent Loan must be completed each academic year. If the parent needs a Parent Loan to finance another dependent student's education, the parent must complete a separate MPN. The parent has the right to request a new MPN any time the parent borrows.
