

Douglas MacArthur Academy of Freedom Museum

Transportation Reimbursement and Meal Provisions

Thanks to a generous grant from the Department of Education, the Douglas MacArthur Academy of Freedom is expanding educational opportunities for schools throughout Central Texas through enhanced exhibits, curriculum resources, and financial assistance for field trip transportation and meals.

Schools located in **Brown County and the surrounding counties of McCulloch, San Saba, Mills, Comanche, Eastland, Callahan, and Coleman** are eligible for reimbursement of transportation expenses associated with an Academy field trip.

Following the visit, the participating school should submit an invoice to the **Douglas MacArthur Academy of Freedom** detailing the total transportation costs incurred. The Academy of Freedom will then reimburse the schools for the transportation costs.

For Brown County and surrounding counties, meals will also be provided for the teachers and students free of charge. If a student has any food allergies, it must be communicated to the museum through the field trip request.
